

2G11 Lamps

The Light Footprint 2G11 replacement lamps have been designed to replace conventional 2G11 lamps, using the highest grade SMD LED's and components to ensure reliability.

The integrated constant current LED driver generates less heat and lengthens the life of the lamp ensuring optimal levels of light.

The Light Footprint 2G11 lamp offers up to a 50,000hr lamp life, high lumen output, low power consumption and high quality light.
