

A60 Lamps

The Light Footprint A60 lamps are designed to replace standard incandescent light bulbs while ensuring the light output of our ultra-low energy alternative is equally as aesthetically pleasing.

Assembled using top quality components results, isolated drivers ensure that exposed metal parts are free from electric current for additional safety. The lamps diffuser helps reduce glare and maximises light spread.

The lamps can work on most leading and trailing edge dimmers, with a possible dimmable range of 5%-100%.

Technical Specification

Total Circuit Wattage	8W/11W
Working Voltage	220-265VAC
Working Temperature	-30°C/+45°C
Beam Angle	200°
Estimated Life Span	35,000hrs
CRI	>80
Lamp Base	E27 (ES) / B22 (BC)

Test Standards

EN 55015: 2006+A1:2007+A2:2009
EN 61547: 1995+A1:2009
EN 61000-3-2: 2006+A1:2009+A2:2009
EN 61000-3-3: 2008

3 Year Warranty

DIMMABLE

Product Code	Max Size	Base Cap (please specify)	Colour	Lumen	TCW
A60WW8	L.116MM / D.60mm	ES (E27) / BC (B22)	Warm White 3000K (W/W)	570	8W
A60WW11	L.116MM / D.60mm	ES (E27) / BC (B22)	Warm White 300K (W/W)	785	11W

Other product options (lead-time & minimum order quantity applies)

Daylight White 5500K (DW)

Notes

11W available only with white body

8W available only with black body
