

# 5050 SMD Flexible Strips

The Light Footprint High Brightness 5050 Flexible Strip is designed to replace current feature lighting options, including Cold Cathode, Neon & Fluorescent.

The top quality SMD LED's (60 chips per meter) are set along the strip with the option of cutting every 50mm. The protective silicone coating helps diffuse the light while offering IP65 & dust protection.

This product offers savings of up to 80% and it a perfect replacement for pelmet and back lighting applications (among others).

This product requires a LED compatible power supply, please contact us for options.

Colour changing option requires additional controllers, please contact us for options.

## Technical Specification

Total Circuit Wattage 14.4W/M

Working Voltage 12V DC

Working Temperature -25°C/+45°C

Beam Angle 120°

Estimated Life Span 35,000hrs

**3** Year Warranty

**DIMMABLE**

Product Code	Length	Colour	LED QUANTITY / M	TCW / M	Dimmable
FS5050NWSC	per meter	Natural White 4000K (NW)	60	14.4W	AVAILABLE
FS5050CWSC	per meter	Daylight White 5500K (DW)	60	14.4W	AVAILABLE

**Other product options** (lead-time & minimum order quantity applies)

Warm White 3000K (WW)

Static Colours: Red, Green or Blue
