

Smart Linear High Bays (Low Profile)

The Light Footprint High Low Profile High Bay Fittings delivers efficient, bright and flicker free light for your warehouse and storage areas.

Easily installed our Low Profile High Bays are assembled using high quality Samsung LED chip technology, delivering optimal light output while minimising light degradation. Designed as a direct replacement to current SON/ Metal Halide as they offer ease of both installation and maintenance.

The use of Japanese High Lighting Transmittance Efficiency technology in the diffusers guarantees maximum 'shadowless' light output, reduced glare and a 120° wide beam angle.

This luminaire comes with a 0-10V BUS control wire to the driver which allows the fitting to be dimmed when paired with a compatible control. Please contact us for further information.

Technical Specification

Total Circuit Wattage 61W / 82W / 103W
154W / 205W

Working Voltage 100-265VAC

Working Temperature -20°C/+45°C

Beam Angle 120°

Estimated Life Span 50,000hrs L80

CRI >80

IP Rating IP65

Power Factor >0.96

Test Standards

EN55015:2006+A1:2007

EN61000-3-2:2006+A1:2009+A2:2009

EN61000-3-3:2008

EN61547:2009

EN60598-1:2008+A11:2009

EN62031:2008

7 Year Warranty L80

DIMMABLE (BUS 0-10V)

Product Code	Size (LxWxD)	Colour	Lumen	TCW	Recommended Mounting Height
LHP60DWD	605mm x 150mm x 72mm	Daylight White 5800K (DW)	7335	61	4-5 Meters
LHB80DWD	605mm x 150mm x 72mm	Daylight White 5800K (DW)	9651	82	5-6 Meters
